THE SHALIMAR
HOTEL

Things only get better...

April - June 2010

DEAR GUEST

So many pellucid thoughts have contributed to the quiet renaissance segueing in our Hotel. Nifty experimentations pirouette in our mind, as something's always on the boil here..... all earnestly contributing to our existent gracious avatar after 47 years. Our zest to ideate has splashed our hospitality canvas with an ability to maximize guest services and offer simplistic novelty, be it the new Shalimar Gift Voucher to gift family & friends, or a very basic like an anodyne super comfort ten inch mattress in our rooms and of course other myriad such inclinations from our uber think tank.

What makes us do thatsometimes if opportunity doesn't knock, we build a door.... that's our unique DNA so to speak! We believe, that creativity is a synergy of an uninhibited disciplined intelligence. When patterns are broken, new concepts emerge and for us action is eloquence. We have invested precious moments in enhanced focused thinking and it has paid good interest in the minds of our patrons. You are our inspiration to ideate and help us raise the bar for ourselves. We wish to thank each one of you for making The Shalimar Hotel, what it is today.

Experience
The New
India In Our
New Room

405

Chic designs with dashes of the ethnic. Our newest addition to guest rooms is a tribute to thoroughly modern India for the thoroughly modern Indian. Clean lines, crisp whites and trendy wood filigree happily blend in with silk paisley runners and theme cushions and to top it all modern Indian paintings by an upcoming contemporary Indian artist for your artistic pleasure.

CONTEMPORARY ART SMART

Art is often a paradox of imaginative dreams, uncompromised spontaneity & passionate reality. Every great work of art has two faces, one toward its own time and one toward the future & eternity. Many dropped by to admire an enduring slice of Mumbai's art scene through an art exhibit curated by Three Blind Mice, at our banquet hall, The Regent North on Level 9, on 24th - 25th February. On the evening of the first day, invited guests enjoyed cocktails and mingled, expressing their points of view.

On display were works of art by artists like Ajay De, Jagannath Paul, Arvind Kolapkar, Gazala, Shankar Kendale, Sunil Paudwal and many more, for your viewing pleasure. And whilst guests were at that, they were also seen carefully analyzing potential purchases. Either ways they were assured of enjoying an enriching aesthetic outing.

Enjoy our double dimension presentation of Mediterranean cuisine, to be relished along with your favourite tippie. And off course in the company of good friends. Cheers and Bon Appetit!

The warmth of friendship glows brighter when you party with friends. Our new avataar of SSSMOOTH celebrates just that.

Because people need people.

GOODBYE FATIGUE!

A new addition at The Shalimar is The Serene Room, our cozy in-house interpretation of a 'Wellness Spa'. Open to all hotel resident guests, the wellness therapies have been tailor-made to achieve the best results and reduce the stress of a long and tiring workday away from home.

The ongoing Swedish, Aroma, Thai Therapies and Foot Reflexology besides others, have already gained the satisfaction of our guests. Now we're all set to beat the heat of summer and thoroughly pamper you with a divine spa summer package offering you Satsuma Therapy, Detox Massages, Berry Scrubs, Herbal Geranium Wraps, and more!
